

Barstow Community College
Board Goals
2010-2011

- I. The board of trustees will strongly support the efforts of the president to bring the college into compliance with ACCJC/WASC standards and reporting requirements, and in positioning the college for the 2012 accreditation commission evaluation team visit. The board will request progress reports on a regular basis.
- II. The board of trustees believes that maintaining the fiscal integrity of the college is a sacred trust and will insure that district finances are managed effectively, including the maintenance of a prudent budget reserve.
- III. The board of trustees seeks an enhanced commitment and accountability by all employees, regardless of where they reside, to make Barstow Community College the focus of their professional lives by promoting employee involvement in activities associated with professional responsibilities, encouraging support of and involvement in activities that engage students and represent the college in the community; directs the president to explore ways of promoting the leadership potential of employees internally; and encourages the president to look for ways of recognizing exceptional employee service and accomplishments.
- IV. The board of trustees will be actively engaged in the community and pursue ways of disseminating a consistent, positive message about the college in the community.
- V. The board seeks to promote its development as a policy-oriented board that better envisions the future, and will analyze the structure and function of its board meetings as a way to facilitate the achieving of this objective.

BCC Mission Statement (Opening Sentence)

Barstow Community College is an open-access learning environment that promotes critical thinking, communication, personal and professional responsibility, and global awareness by offering quality courses, programs, and support services.
